## Central Public Procurement Portal

The Central Public Procurement Portal of Government of India provides a single point access to the information on all procurements made across various central government organizations across the country. It facilitates electronic tendering using Government eProcurement System of NIC (GePNIC) which aims at transparency and non discrimination amongst bidders, by allowing free access to tender documents, clarifications, secure on line bid submission and access to bid opening event.

The system has been designed taking into account the tender rules followed in the country, the World Bank, ADB and CVC guidelines. It is being used by over 400 Central Govt. organisations.
