Built For Online Learning

Web learning

There had been a growing need for more innovative methods for conducting seminars, training's, and conferencing with desired operational efficiency, confidentiality, security and cost effectiveness to cope up with the rapidly increasing frequency. The delivery of a learning, training or education program by electronic means, eLearning involves the use of a computer or electronic device to provide training, educational or learning material. For an organization to function effectively & efficiently, it needs to constantly update knowledge base of employees.

2. Select Meeting name from Meeting tab
3. Enter your Name in name field.
4. Enter password for selected meeting and captcha.
5. Click On join Button.

The screenshot displays the WebconLive website. At the top left is the NIC logo with the text 'National Institute of Computer Graphics and Information Technology'. At the top right is the 'WebconLive' logo with 'NIC eLearning Services' underneath. A navigation bar contains links for 'Home', 'About NIC', 'Recorded Session', 'Raw Data', 'User Guide', and 'Contact Us'. The main banner features the 'Webcon' logo in red and 'Built For Online Learning' in black, accompanied by colorful icons of a hand, a lightbulb, a gear, and a graduation cap. Below the banner, the 'Web learning' section is titled in blue. It contains a paragraph of text explaining the need for innovative methods for seminars, training, and conferencing. To the right of the text is a 'WebCon Meeting' form with a blue border. The form includes a dropdown menu for 'Meeting' (selected: 'Evolving technology around Computer Storage at *'), text input fields for 'Name', 'Password', and 'Captcha' (with the value 'u8b/39'), and a blue 'Join' button. Red arrows point from the form fields to labels on the right: 'Meeting name', 'Your name', 'Password', 'Captcha', and 'Click Join'.
