Built For Online Learning

Web learning

There had been a growing need for more innovative methods for conducting seminars, training's, and conferencing with desired operational efficiency, confidentiality, security and cost effectiveness to cope up with the rapidly increasing frequency. The delivery of a learning, training or education program by electronic means, eLearning involves the use of a computer or electronic device to provide training, educational or learning material. For an organization to function effectively & efficiently, it needs to constantly update knowledge base of employees.

2. Select Meeting name from Meeting tab
3. Enter your Name in name field.
4. Enter password for selected meeting and captcha.
5. Click On join Button.

The image shows a screenshot of the WebconLive website. At the top, there is a navigation bar with links: Home, About NIC, Recorded Session, Raw Data, User Guide, and Contact Us. The main header features the WebconLive logo and the tagline 'NIC eLearning Services'. Below this is a large banner with the text 'Webcon Built For Online Learning' and an illustration of a computer monitor and a laptop with various icons. The main content area is titled 'Web learning' and contains a paragraph of text. To the right of the text is a 'WebCon Meeting' form with several input fields and a 'Join' button. Red arrows point from the form fields to callout boxes on the right side of the image, which are labeled: 'Meeting name', 'Your name', 'Password', 'Captcha', and 'Click Join'.
